In 2010, Vanessa Herrera (Los Angeles, Ca.) will be receiving her Bachelors of Fine Arts in Graphic Design. She has always displayed a high degree of integrity, responsibility, and perseverance in all areas of her life. She is definitely a leader, not a follower. In addition to her excellent scholastic accomplishment, she has proven her leadership ability by co-owning a small business in Las Cruces, NM with her family. Her good judgements and mature outlook will ensure a logical and practical approach to her endeavors.

The love for art and design has gone from a hobby, to a necessity, and finally to a career. She loves to infuse textures and colors into design to give it depth whenever possible. For her, creativity and the design process is not about being on auto-pilot. Vanessa believes that Graphic Design is about communicating a message, listening to her clients and making a difference in the industry.
