

After completing the PLSI Test I noticed on my score sheet that column number two was flat out even for each letter. According to my score sheet I am both “sensing and Intuitive” type. However, I didn’t take the test a second time, because I knew that I would re-read the questions and think about my answers twice. My results were **E SN F J; ESFJ ENFJ**

ESFJ

Warm-hearted, talkative, popular, conscientious, born cooperators, active committee members. Need harmony and may be good at creating it. Always doing something nice for someone. Work best with encouragement and praise. Main interest is in things that directly and practically help people’s lives.

ENFJ

Responsive and responsible. Generally feel real concern for what others think or want, and try to handle things with due regard for the other person’s feelings. Can present a proposal or lead a group discussion with ease and tact. Sociable, popular, sympathetic. Responsive to praise and criticism.

EN's Action oriented innovators (@25%)

This type is really motivated and likes to make things happen. They like to work in groups on new and interesting things. They like to take their theories and apply them with others. They share easily, especially what's inside. They don't like details, routines, or the same old thing for too long.

ES's Action oriented realists (@40%)

This type loves action and things happening. They like to get practical results from their work, and like to work in groups. For them too much watching is a waste of time, they want to do. They like to share what they are doing and thinking. They get impatient when things are too slow, complicated, or abstract.

NF's Enthusiastic, Insightful types (@22%)

When intuition is combined with feeling qualities the result is someone who is very good with people and language. The NF is usually very enthusiastic and warm. They are very oriented toward cooperative things, and away from competitive things. They usually have very strong feelings about things and people, they really like them or really don't. NF's are very personal types, and thrive in supportive, creative, and harmonious situations.
